

CITY COUNCIL REPORT
PUBLIC

DATE: November 18, 2016

TO: Mayor and Council

FROM: Brad Hill, Utilities Director

CC: Josh Copley, Barbara Goodrich, Shane Dille, Leadership Team, Steve Camp and Erin Young

SUBJECT: Water Quality Update

This CCR is in response to a request for the City of Flagstaff Utilities Department to provide information to citizens regarding water quality in response E-Coli found recently in water systems in Coconino County that are not managed or operated by the City of Flagstaff.

Background

City of Flagstaff annual water quality reports are available on-line at the city website www.flagstaff.az.gov or direct link <http://www.flagstaff.az.gov/index.aspx?nid=2438>. The annual reports are also mailed to each water customer in June on an annual basis per USEPA requirements.

On Friday, November 18 the City Utilities and City of Flagstaff Facebook page published post: “**Fact Check Friday**: City of Flagstaff water is safe, clean and tested on a regular basis. As a City of Flagstaff resident your drinking water is tested monthly for total coliform at 80 sites throughout the distribution system. The City of Flagstaff has never had a positive result for E-Coli. The annual Water Quality Report can be found here <http://www.flagstaff.az.gov/index.aspx?nid=2438>”

The Utilities department intends to publish **Fact Check Friday** posts on a regular basis to social media.

Conclusion

This report is for information only.
